What's Next in Networking

The TE-1820 rack mountable hub provides high capacity connectivity for use in medium to large corporate networks. It is designed to meet EIA-19" rack mounting standards. In addition to the built-in RJ-45 ports, it provide connectivity for AUI and BNC as well. For added durability the TE-1820 is protected by a heavy gauge metal chassis.

The TE-1820, functions as a multi-port repeater, handle collision processing, signal regeneration and transmitted signal pre-distortion function, and halt transmission in case of total loss of reception over a link.

FEATURES

···▷ Compliant with IEEE 802.3 10Base-T, 10Base-2, and 10Base-5 standards

···▷ MDI-X/MDI button on 1st port for easy hub cascading

···▷ EIA-19" rack mountable

···▷ Auto-partitioning function to isolate network failure

···▷ LED indicators for easy troubleshooting

···▷ 10Mbps transfer rate

···▷ 5 Year Warranty

TE-1820
16-Port 10Base-T Ethernet Hub

SPECIFICATIONS

Standards:
- IEEE 802.3 10Base-T, 10Base-2, and 10Base-5

Ports:
- 16 RJ-45, 1 BNC, and 1 AUI

Input Power:
- AC 100V to 250V 50/60Hz, auto-selecting

Power Consumption:
- 18W

Dimensions:
- 483mm x 44mm x 125mm (including mounting brackets)

Weight:
- 2.0kg

Operating Temperature:
- 0° to 55° C

Operating Humidity:
- 10% to 90% non-condensing

Emissions:
- FCC class A

Certifications:
- UL, CSA

ISO9001   FC FEDERAL COMMUNICATION COMMISSION U S A   UL   CSA ®
