

TE-800 **8-Port 10Base-T Ethernet Hub**

TRENDware Small Business Solutions series palmtop hubs provide a cost effective connectivity solution and plug-and-play solution for small departmental networks and workgroups. Their compact size and lightweight design provide easy installation and portability. The TE-800 is equipped with an uplink port (shared with the last RJ45 port), which makes connecting to another 10 Base-T hub effortless.

For added durability these hubs are protected by heavy gauge aluminum chassises. These hubs are also UL, CSA and FCC Class A approved, and features a 5 Year Parts and Labor Warranty.
