

TE-CF100 **CompactFlash 10/100Mbps Fast Ethernet Adapter**

TRENDnet's TE-CF100, Pocket PC Compact Flash 10/100 Ethernet Adapter is one of the simplest and quickest way to connect your Pocket PC to the Local Area Network. It is especially designed for Pocket PC and Windows CE-base palm-sized hand-held PCs (PDA). Exchanging data at 200Mbps, TRENDnet's TE-CF100 provides high-speed connection to your network to access network resources, Internet, e-mails, and performs synchronization. With a Integrated RJ-45 port, it eliminates the dongle/jack requirement creating an easy-to-use and automatic installation for your networking needs.

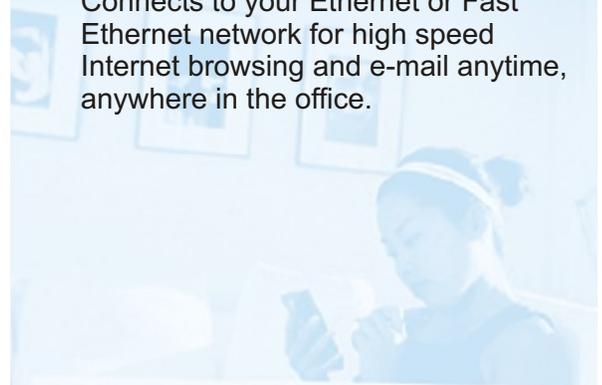

FEATURES

- ...→ CompactFlash sized package
- ...→ CF+/CompactFlash specification rev. 1.4 compliant
- ...→ Supports Windows CE PDA/Palm-sized PC, handheld PC with CompactFlash slot
- ...→ Complete installation software for easy setup
- ...→ Low power consumption
- ...→ Supports Windows CE 2.0 or newer - synchronizes from Microsoft Windows 95/98/NT4.0
- ...→ Diagnostic LED indicator (Link, Activity)
- ...→ 5 Year warranty

BENEFITS

- ...→ **User Friendly:**
Comes with an installation software for easy setup.
- ...→ **Compatibility:**
Compatible with Windows CE-based PDA, Pocket PC, and handheld / palm-size PC.
- ...→ **Easy to Use:**
Integrated RJ-45 port eliminates dongle/jack replacement.
- ...→ **Flexibility:**
Connects to your Ethernet or Fast Ethernet network for high speed Internet browsing and e-mail anytime, anywhere in the office.

TE-CF100

CompactFlash 10/100Mbps Fast Ethernet Adapter

SPECIFICATIONS
