

TE100-SK3 5-Port 10/100Mbps Switch Fast Ethernet Network Kit

TRENDnet's TE100-SK3, a 10/100Mbps Fast Ethernet Switch Network Kit, is a complete solution for connecting two personal computers to share files, printers, and hard drives. The kit comes with two 32-bit 10/100Mbps N-way Fast Ethernet PCI cards (TE100-PCIWN), one 5-port 10/100Mbps Ethernet Mini Switch (TE100-S55E), two 20 feet cables, and an easy-to-use installation guide. As your network grows, you can uplink switches or network hubs to the 5-port mini switch to gain more ports. Designed especially for home and small office use, this reliable network kit lets you cruise in 200Mbps (full-duplex) and expand your network in the future.
