1. Before You Start

Package Contents

- TEW-621PC
- Utility & Driver CD-ROM
- Quick Installation Guide

System Requirements

- 32-bit CardBus Type II Card slot
- CD-ROM Drive
- CPU: Intel Pentium 300MHz or above
- Memory: 64MB RAM or above
- Windows XP/2000

Application

2. How to Install

Important! DO NOT install the PC Card in the computer until instructed to do so.

1. Insert the **Utility & Driver CD-ROM** into your computer's CD-ROM Drive and then click **Install Utility**.

2. Follow the **InstallShield Wizard** instructions. When prompted to restart computer, select **No** and then click **Finish**.

3. **Shutdown** your computer.

4. Insert PC Card firmly into an available PC Card slot of the notebook PC and then turn **ON** the computer and wait until the Windows desktop appears.

Note: For Windows 2000, skip to step 9. For Windows XP, continue on to step 5.

Windows XP

5. The Found New Hardware Wizard appears. Select **No**, not this time and then click **Next**.

6. Click **Install the software automatically (Recommended)** and then click **Next**.

7. Click **Continue Anyway**.

8. Click **Finish**. Continue on to Section 3.

Windows 2000

9. Drivers will automatically install.

10. Click **Yes**.

Your installation is now complete.

For detailed information regarding the TEW-621PC configuration and advanced settings, please refer to the User's Guide included on the Utility & Driver CD-ROM or TRENDnet's website at www.trendnet.com

3. Using the Wireless Adapter

1. Double-click the **Wireless** icon in your system tray.

2. Click **Site Survey**.

3. Click the **SSID** that matches your wireless access point and then click **Connect**.

Wireless configuration is now complete.

For detailed information regarding the TEW-621PC configuration and advanced settings, please refer to the User's Guide included on the Utility & Driver CD-ROM or TRENDnet's website at www.trendnet.com

Q1: I inserted the TEW-621PC CD-ROM into my computer's CD-ROM Drive and the installation menu does not appear automatically. What should I do?

A1: If the installation menu does not appear automatically, click Start, click Run, and type D:\Autorun.exe where "D" in "D:\Autorun.exe" is the letter assigned to your computer's CD-ROM Drive. And then click OK to start the installation.

Q2: I completed all the steps in the quick installation guide, but my card is not connecting to my access point. What should I do?

A2: You should first verify that the Network Name (SSID) matches your wireless router or access point's SSID. If they already match, you should check your TCP/IP properties to ensure that Obtain an IP Address Automatically is selected. Refer to your Windows User's Manual if you are unable to locate your TCP/IP properties.

Q3: Windows is unable to recognize my hardware. What should I do?

A3: Make sure your computer meets the minimum requirements as specified in Section 1 of this quick installation guide. Also, you must install the wireless configuration utility BEFORE you physically install your network card. Lastly, you may consider moving the card to a different PC Card Slot.

Q4: I cannot open the wireless configuration utility. What should I do?

A4: Access your device manager to make sure the adapter is installed properly. If you see a networking device with a yellow question mark or exclamation point, you will need to reinstall the device and/or the drivers. To access your device manager, right-click My Computer, click Properties, click the Hardware tab, and then click Device Manager.

If you still encounter problems or have any questions regarding the TEW-621PC, please refer to the User's Guide included on the Utility & Driver CD-ROM or contact Trendnet's Technical Support Department.

Certifications

This equipment has been tested and found to comply with FCC and CE Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received. Including interference that may cause undesired operation.

Waste electrical and electronic products must not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or Retailer for recycling advice.

NOTE: THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.
