

2-Port USB KVM Switch Kit with Audio

TK-209K (V3)

- 2-Port KVM switch with VGA, USB mouse and keyboard connections
- Control two computers with one set of console controls
- Device monitoring with auto scan and audible feedback
- High quality 2048 x 1536 resolution
- Supports most operating systems and advanced mouse designs
- Listen to music from one computer while working on another
- USB powered – No external power adapter required
- No CD installation required
- NDAA / TAA compliant (U.S. and Canada only)

TRENDnet's 2-Port USB KVM Switch Kit with Audio, model TK-209K, allows you to control multimedia PCs with just one keyboard, monitor, mouse, microphone, and a set of speakers. The KVM switch not only allows you to share your monitor, keyboard, and mouse, but you can also share a microphone and speakers. With just a simple press of a button, this KVM switch eliminates the hassle of cable swapping and switching between two PCs. With its hot plug, auto scan, and hotkey operating features, the TK-209K KVM Switch is an ideal choice for managing two PCs.
