1. Before You Start

Package Contents

- TV-NVR104 or TV-NVR104D2
- CD-ROM (Utility & User's Guide)
- Power Adapter
- Network cables (1.8 m / 6 ft.)
- Optical Mouse
- Quick Installation Guide

Minimum System Requirements

- Monitor/TV with VGA or HDMI connection
- Hard drive (for TV-NVR104)

2. Hardware Drive Installation (For TV-NVR104 only)

Skip this step if you have TV-NVR104D2.

Note:

• Static electricity can damage the **TV-NVR104**. Before handling the unit, discharge any static electricity by touching a metal object, or use an anti-static wrist strap.

• The **TV-NVR104** supports 3.5" SATA hard drive up to 6TB.

1. Remove the four retaining screws from the bottom panel of the **TV-NVR104**.
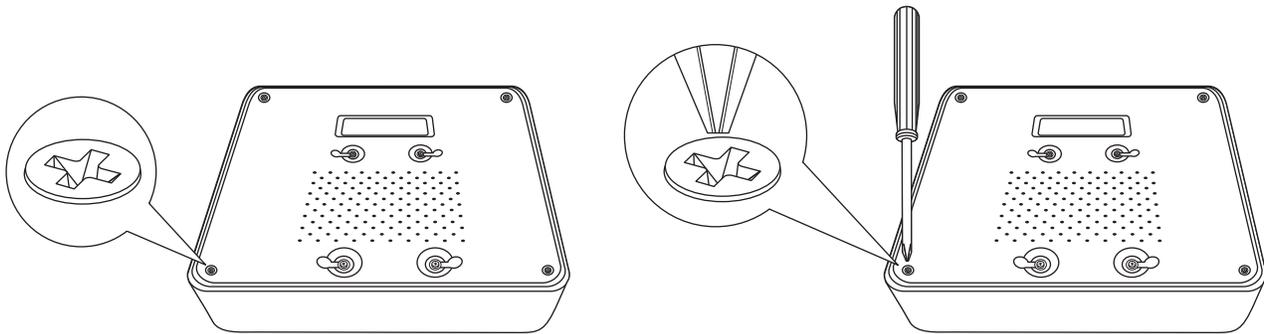

2. The top cover is slotted vertically. From the back of the unit, gently slide the cover up to separate it from the lower panel.
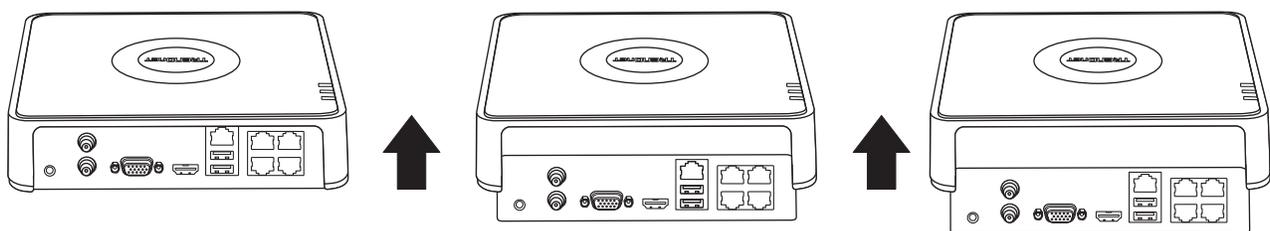

3. Attach the SATA cable to the hard drive (not included) and control board. SATA connectors are keyed to prevent improper installation.

4. Mount the hard drive to the TV-NVR104's drive bay using the mounting screws included with your hard drive.
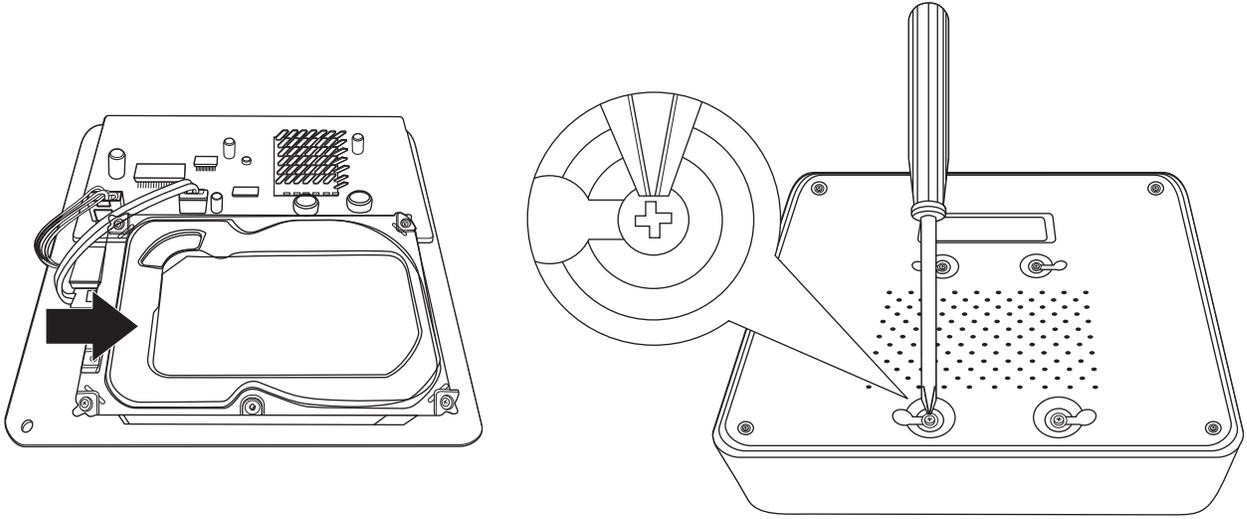

5. Reattach the top cover to the unit. Make sure the lower panel lines up with the slots on the cover.
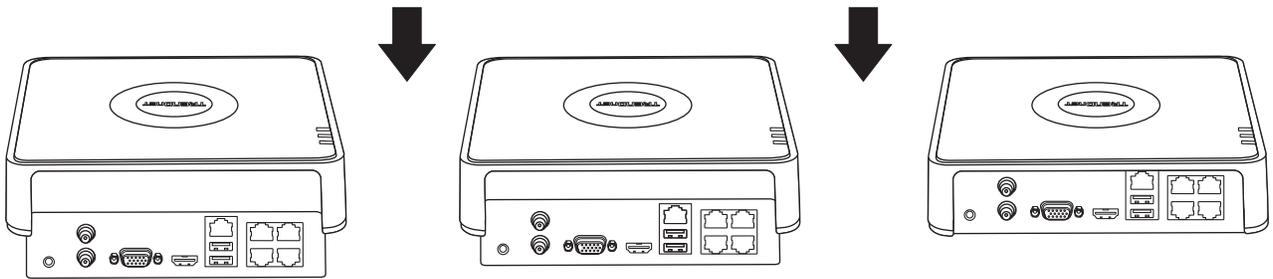

6. Hard drive is now installed!
