

## **TE-PCIW** *High Performance Plug-n-Play Ethernet Adapter*

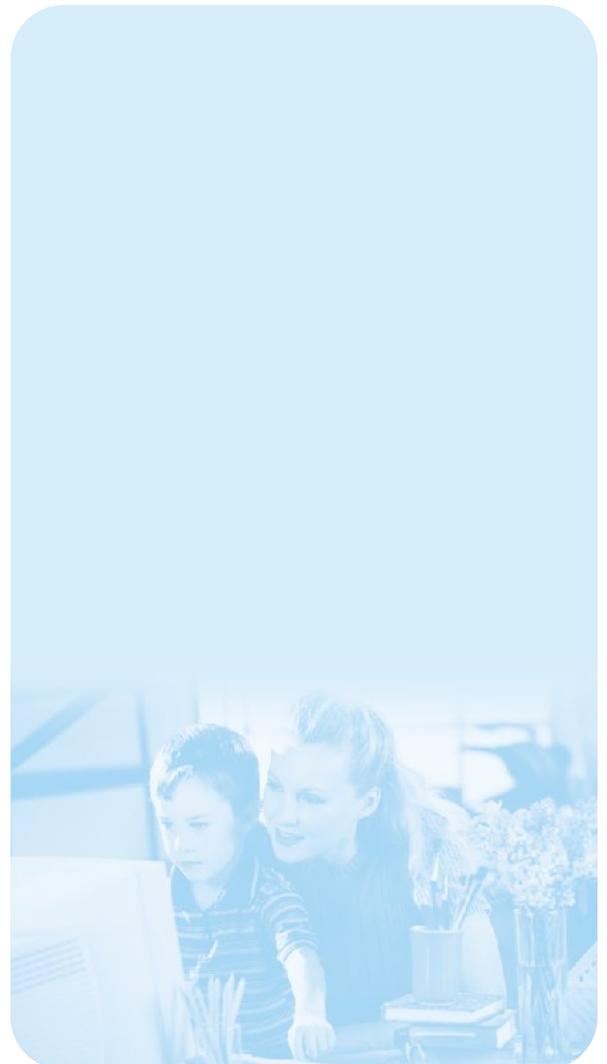

The TE-PCI/W is a jumperless, plug and play, 32-bit Ethernet adapter featuring half/full duplex operations. The TE-PCI/W utilizes the latest PCI bus technology to process network packets with minimal CPU utilization. The TE-PCI/W is recommended for workstations in a PC client/server environment.

Taking advantage of 32-bit bus width and speed up to 33MHz, the TE-PCI/W is superior to all ISA adapters. It is equipped with both BNC and RJ-45 connectors, includes drivers for every popular network operating system. The TE-PCI/W is also NE2000 compatible there it can be used with virtually all existing network operating systems. The TE-PCI/W is backed by TRENDware's 5 Year Parts and Labor Warranty.

### **FEATURES**

- Compliant with IEEE 802.3 10Base-2 and 10Base-T Ethernet standards
- Full-duplex operation at 10Base-T connection
- Compliant with PCI Local Bus Specification 2.0
- Simply insert the card and it will be automatically configured in a PnP system
- Supports PCI Bus Slave mode
- Supports Multi-thread Operation
- Supports Virtual Memory
- NE2000 Compatible
- Auto-sensing connector in use
- On-board socket for optional Boot ROM
- External LED Indicators for troubleshooting (LINK and TRAFFIC)
- 10Mbps (Half duplex)/20Mbps (Full duplex) Transfer Rate
- 5 Year Warranty

# TE-PCIW

## High Performance Plug-n-Play Ethernet Adapter

### SPECIFICATIONS

**Standards:**

- IEEE 802.3 10Base-2 and 10Base-T

**On-board Connector:**

- RJ-45 and BNC

**Data Bus Supported:**

- 32-bit, PCI Local Bus Specification 2.0

**IRQ's Supported:**

- Assigned by the BIOS to a free IRQ (interrupt) number

**I/O Base Address:**

- Assigned by the BIOS to a free I/O address block

**RAM Buffer:**

- 16Kb

**Boot ROM Size:**

- 8Kb, 16Kb, and 32Kb

**Dimensions:**

- 5.20" x 3.27"

**FCC Compliance:**

- FCC Class B

**Power Consumption:**

- 430mA at 5V

**Operating Temperature:**

- 0° to 55°C

**Operating Humidity:**

- 10 to 90%, non-condensing

### PRODUCT INFORMATION

**TE-PCI**

32-bit PCI Plug-n-Play Ethernet Adapter  
with BNC + RJ-45 Connectors

### ORDERING INFORMATION
