

TE100-SK1plus

TRENDnet's 100Mbps Fast Ethernet Starter Kit

TRENDnet's TE100-SK1plus 100Mbps Fast Ethernet Starter Kit is a complete networking solution for connecting two personal computers to share files, printers, hard drives, and other peripherals. The kit comes with two 10/100Mbps PCI cards, a 5-port 100Base-TX hub, two 20 feet CAT 5 cables, and an easy-to-use installation guide. Designed especially for home and small office use, this reliable kit lets you cruise in 100Mbps speed and allows expansion of your future networks.

FEATURES

10/100Mbps PCI Fast Ethernet Card

- Realtek RTL8139 based chipset
- 10/100Mbps auto-sensing
- Supports half- and full-duplex operation
- Single UTP/STP RJ-45 connector (CAT 3, 4, 5 UTP/STP cables for 10Mbps operation and CAT 5 UTP/STP cable for 100Mbps operation)
- 32-bit PCI Bus master mode
- Plug and Play (PnP)
- Compatible with all popular network operating systems
- 5-years warranty

5-port 100Base-TX Fast Ethernet Hub

- Supports five 100Base-TX UTP/STP RJ-45 ports per hub
- MDI-II uplink port (shared with port 1) allows connection to another 100Base-TX Class II hub/switch without using the crossover cable
- Connects with UTP/STP Category 5 cables
- Status LED indicators for easy viewing and troubleshooting
- Auto-partitioning function isolates network failure
- Sturdy all metal housing
- 5-years warranty
