

Quick Installation Guide

Domotz Pro Box
TEW-D100

1. Once you connected your box above a Green LED light will appear and the device will automatically start its configuration which can take 5 minutes.

2. While you wait, you will need to setup your Domotz account. Open your web browser and go to www.portal.domotz.com, once there click “Sign up” at the bottom of the sign up window and follow the steps in the setup process.

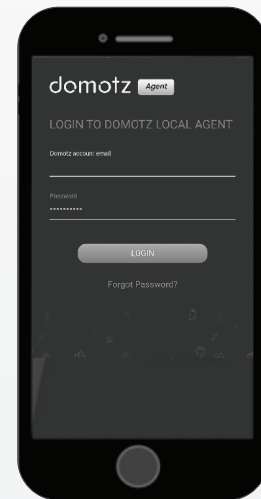

3. After you create an account, click “Subscriptions” in the upper left side. You will need to add credits, please press the plus “+” sign in the upper right corner and choose one of the payment options.

4. Download the “Domotz Pro” app on your mobile device. Connect your mobile device to the same network as your TRENDnet’s Domotz Pro Box, press “Find New Agent” from the left side menu. Once the Domotz Agent is found, you’ll be prompted to tap “configure.”

5. You'll be prompted to login. Enter your Domotz Pro account credentials, press “Login” and activate your agent. Once activated the unit will start scanning the network and detecting all the devices which can take up to 10 minutes.

Certifications

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received. Including interference that may cause undesired operation.

Waste electrical and electronic products must not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or Retailer for recycling advice.

Applies to PoE Products Only: This product is to be connected only to PoE networks without routing to the outside plant.

Note

The Manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

Advertencia

En todos nuestros equipos se mencionan claramente las características del adaptador de alimentación necesario para su funcionamiento. El uso de un adaptador distinto al mencionado puede producir daños físicos y/o daños al equipo conectado. El adaptador de alimentación debe operar con voltaje y frecuencia de la energía eléctrica domiciliar existente en el país o zona de instalación.
