TU-700
7-port USB Hub

TRENDnet's TU-700, a 7-port USB Hub, is a highly integrated device that includes seven advanced USB ports. The USB Hub allows a wide variety of legacies and other peripherals to be connected and controlled by USB enabled systems. The easy Plug and Play (PnP) function allows PCs to be connected to monitors, printers, digital speakers, modems, digital cameras, joysticks, and other USB devices. The TU-700 features power control and over-current detection on each of its seven downstream ports. Featuring data access rates of up to 12Mbps, the TU-700 is ideal for your high-performance USB solution.
