Application

USB to Serial Converter (TU-S9)

Notebook

Serial Modem

— USB   — Serial

2. How to Install

Note: Do not connect the TU-S9 until instructed to do so.

Windows 98SE/ME/2000/XP/2003 Server

**1.** Turn on your computer and wait until the Windows desktop appears.

2. Insert the **Driver CD-ROM** into your CD-ROM drive. When the autorun window appears, click **Install Driver**.

3. Click **Next**.

4. Click **Finish.**

5. Connect the Adapter to an available USB port of your computer.

6. Connect the Serial device to the TU-S9.

Windows Vista

**1.** Turn on your computer and wait until the Windows desktop appears.

2. Connect the Adapter to an available USB port on your computer.
3. Click **Locate and install driver software (recommended)**.

4. Insert the **Driver CD-ROM** into your CD-ROM drive and click **Next**.

5. Click **Close.**

6. Connect Serial device to the TU-S9.

Your installation is now complete.

For detailed information regarding the TU-S9, please refer to the User's Guide included on the Driver CD-ROM or TRENDnet's website at www.trendnet.com

Troubleshooting

Q1: The autorun window does not appear after I put in the Driver CD-ROM. What should I do?

A1: Go to **Start -> Run**, type in **E:\Driver\Win98_XP\Setup.exe** and then click **OK**. E:\represents the drive letter that is assigned to your CD-ROM drive.

Q2: Windows is unable to recognize my hardware. What should I do?

A2: First, make sure your computer meets the minimum requirements as specified in Section 1 of this Quick Installation Guide. Second, try plugging the TU-S9 into a different USB port on your computer.

Q3: Can I use the TU-S9 with my serial keyboard, mouse, or joystick?

A3: The TU-S9 does not support interrupt transfer mode devices. If your serial keyboard, mouse, or joystick is an HID Device, it is not supported.

Q4: Can I connect or disconnect the USB cables while the computer is on?

A4: Yes, you can connect or disconnect the USB cable while the computer is on, because the USB interface is Plug-and-Play and hot-pluggable.

Q5: How do I install the TU-S9 on my Mac?

A5: Download the Mac drivers and user guide from www.trendnet.com. Follow the instructions in the user guide for installation instructions.

If you still encounter problems or have any questions regarding the TU-S9 USB to Serial Converter, please contact TRENDnet's Technical Support Department.

Certifications

This equipment has been tested and found to comply with FCC and CE Rules.
Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received. Including interference that may cause undesired operation.

Waste electrical and electronic products must not be disposed of with household waste.   Please recycle where facilities exist. Check with you Local Authority or Retailer for recycling advice.

NOTE: THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

ADVERTENCIA

En todos nuestros equipos se mencionan claramente las caracteristicas del adaptador de alimentacón necesario para su funcionamiento. El uso de un adaptador distinto al mencionado puede producir daños fisicos y/o daños al equipo conectado. El adaptador de alimentación debe operar con voltaje y frecuencia de la energia electrica domiciliaria existente en el pais o zona de instalación.
